### **Before and After School Club**

Dear Parents / Carers,

From March 8th we do intend to run the before and after school club so we can support families getting to work. However, due to Government guidance on returning to school and social distancing, changes will have to be made.

- To keep to social distancing and “bubbles” we require more space for the children to be safely cared for. Therefore, we cannot run at the same capacity. The consequence of this is that **we will not take be able to enrol any new pupils into the club for the foreseeable future**. Families who already have access to the before school and after school provision will still have places for all the children in the family who require it. These places have already been agreed with Mrs Lewis.
- Your child by accessing club will have to mix with limited number of children from other bubbles, and may if required have to isolate with a breakfast bubble and / or a class bubble. All measures required are in place but this is beyond our control.
- We will be unable to provide breakfast or a snack after school when we return in March until we see how this can operate with the rooms and staff available to us. Children can bring in their own snacks into club if you feel they will need it.
- Parents **will not be able to come into the school building** to drop off or collect their children. A member of staff will collect children from the school foyer.

I am sorry for the inconvenience this may cause you. We are trying to work within the guidance to provide some childcare. All arrangements will be under constant review until normal service can be resumed.

Regards,  
Mrs Billinge
